## EDUCATION

### Bachelors of Science, Software Engineering

University of Management and Technology

09/2022 - Present

Lahore, Pakistan

## PROJECTS

### Umazing (08/2025 - Present)

- Enhanced the Umazing website by implementing Next.js dynamic routing, integrating an image carousel, updating UI components, and developing a detailed product page.

### InfinetWorx (07/2025 - 08/2025)

- Redesigned and enhanced the entire webpage UI with modern animations and improved user experience using React, Next.js, and Tailwind CSS.

### Drafidox (07/2025 - 07/2025)

- Assisted in redesigning and updating the user interface of a live hosted website using Next.js and Tailwind CSS.

### Porfolio (04/2025 - 04/2025)

- Created a professional portfolio website using Next.js, React, and Tailwind CSS, focusing on responsive design and user-friendly presentation.

### AI Recipe Finder (03/2025 - 04/2025)

- Developed an AI-powered Recipe Finder web app using Flask (backend) and SQLAlchemy (database), integrating Gemini API for recipe generation and step-by-step instructions.

### Quizzy App (12/2024 - 02/2025)

- Built a Flutter-based quiz application with OpenAI API integration to dynamically generate questions, manage topics, and calculate scores.

### Amazon Web Page Recreation (04/2024 - 04/2024)

- Developed an Amazon-inspired e-commerce web page using HTML and CSS, focusing on responsive design fundamentals.

### Social Links Page (03/2024 - 03/2024)

- Developed a set of responsive social media buttons using HTML and CSS as part of full stack development learning.

## WORK EXPERIENCE
