## Profile

Highly motivated to build scalable and responsive applications using **React, Next.js, Flutter, and Flask**, with a strong commitment to continuous learning and skill development.

## WORK EXPERIENCE

**08/2025 – 09/2025**
Lahore, Pakistan

**Devsinn Technologies,** *Next JS Developer Intern*
Achievements/Tasks
- Developed responsive frontend components using Next.js and Tailwind CSS.
- Assisted in API integration and frontend optimization for client projects.

**09/2025 – 12/2025**
Lahore, Pakistan

**10Pearls,** *MERN Stack Developer Intern*
Achievements/Tasks
- Worked on frontend and backend development of a full-stack web application using MongoDB, Express.js, React.js, Node.js (MERN).
- Performed testing, debugging, and optimization for smooth functionality.
- Gained hands-on experience in end-to-end application development from UI to database integration.

## EDUCATION

**09/2022 – Present**
Lahore, Pakistan

**University of Management and Technology,** *Bachelors of Science, Software Engineering*

## SKILLS

- Next JS
- SQLite
- Vercel
- Express.js
- Version Control
- C++
- Dart

- React JS
- HTML
- Netlify
- MongoDB
- Tailwind CSS
- Python

- Machine Learning
- CSS
- TypeScript
- SQLite
- Shadcn UI
- Java

- Flask
- Javascript
- Node.js
- Flutter
- Git
- Github

## PROJECTS

**09/2025 – 11/2025**   **Inkwell**
Built a production-ready full-stack MERN application during my internship at 10Pearls Pakistan, featuring end-to-end CRUD functionality, user authentication, and robust database management.

**08/2025 – Present**   **Umazing**
- Enhanced the Umazing website by implementing Next.js dynamic routing, integrating an image carousel, updating UI components, and developing a detailed product page.

**07/2025 – 08/2025**   **InfinetWorx**
- Redesigned and enhanced the entire webpage UI with modern animations and improved user experience using React, Next.js, and Tailwind CSS.

**07/2025 – 07/2025**   **Drafidox**
- Assisted in redesigning and updating the user interface of a live hosted website using Next.js and Tailwind CSS.

**04/2025 – 04/2025**   **Porfolio**
- Created a professional portfolio website using Next.js, React, and Tailwind CSS, focusing on responsive design and user-friendly presentation.

**03/2025 – 04/2025**   **AI Recipe Finder**
- Developed an AI-powered Recipe Finder web app using Flask (backend) and SQLAlchemy (database), integrating Gemini API for recipe generation and step-by-step instructions.

**12/2024 – 02/2025**   **Quizzy App**
- Built a Flutter-based quiz application with OpenAI API integration to dynamically generate questions, manage topics, and calculate scores.

## CERTIFICATES

- Programming With Javascript
- Python Classes and Inheritance
- Version Control

- Introduction to Frontend Development
- Python Basics
